

## FAST Track

Human beings are bought and sold, used and abused in all societies that value Human beings incorrectly = that includes France.

Asylum Application processing in FAST Track , what was the need, where are all those ?  
Did any of the administration employees work around the clock and even visited their agents, contacts in the (earlier Refugees in Migrant Smuggling) society to keep the machine (automated) running as fast as possible ?

Refugees allowed to use EU as a transit lounge, spring board to ?  
In which language did the Refugee applicants communicate their experiences ?  
EU passports to the ones who could not even speak a European language ?

(The above is true for UK as well, since the bombings in London exposed what was earlier kept hidden)

Right means to Right ends !

For years almost all agencies of the French government, which most likely played a role in this covert activity deflected questions. Now only in 2006, when all the actors have disappeared or retired from the scene, France is willing to say a few words about this covert action. (ref.....)

"Le ministre français de la culture a braqué des enquêtes lui-même-'letter de non reçu ', 'l'OH oui, votre fax, lettre recommandée a été remis à la réponse appropriée de bureau-le serait envoyé bientôt '. \* Bien que le ministre de la culture vers la fin des années 90 ait projeté et ait financé une autre 'campagne de la haine India/ns' lancée par ses filiales à Strasbourg (D.R.A.C.) par international d'amnistie en tant qu'un 'avant 'et sa 'procuration '."
